

MULTI-SHINE
READY TO USE

PRODUCT INFORMATION
SKU# **G-MS-RU**

Application:

Deep Black Restorer for Tyres & Plastic Trims
Bring back the dark, sleek look you love with Multi-Shine,
The ultimate all-in-one solution for restoring and maintaining your tires and plastic trims.

Description:

- . Deeply restores faded, sun-bleached plastic trims and tires to their original rich black color.
- . Provides long-lasting protection against further fading and oxidation.
- . Repels water and dirt, keeping your tires and trims looking clean and shiny for longer.
- . Non-greasy formula leaves no residue, preventing dust buildup.
- . Ph neutral, safe for all surfaces and won't harm your tires or rims.

Available in two convenient options:

Concentration 1:1: Dilute with water for customized strength and economical use.

Perfect for professionals or car enthusiasts.

Ready-to-use formula: Pre-mixed for quick and easy application.

Ideal for occasional maintenance or on-the-go touch-ups.

Direction of use:

For Tyres:

1. Remove dirt, grime, and any existing tire shine products using a dedicated tire cleaner.
2. For the concentrated formula, mix 1 part Multi-Shine with 1 part water in a spray bottle.
For the ready-to-use formula, apply directly.
3. Use a sponge or applicator pad to work Multi-Shine into the tire sidewalls and tread.
4. Allow Multi-Shine to dry completely before driving.

For Plastic Trims:

1. Remove dust, dirt, and any existing trim cleaners with a mild soap and water solution.
2. Follow the above same application steps as for tyres.
3. Use a clean microfiber cloth to buff the surface for a smooth, even finish.
