

SNOW FOAM CONCENTRATED

PRODUCT INFORMATION

SKU# **G-SF-C**

Application:

- . Car Wash Businesses: Ideal for professional car washes seeking high-quality, efficient, and cost-effective foam cleaning.
- . Detailing Enthusiasts: Perfect for achieving a showroom-quality shine at home with its exceptional cleaning power and gentle touch.
- . Fleet Maintenance: Well-suited for maintaining the appearance of company vehicles in an economical and time-saving manner.

Description:

- . Snow Foam is an enhanced super foam technology for pressurized foaming Machines.
- . Concentration 1:200: Requires less product per wash, delivering outstanding value and cost.
- . Super Foam Technology: Generates thick, dense foam that clings to vehicle surfaces for extended cleaning action, effectively lifting and removing dirt, grime, and traffic film.
- . Safe for all car paintwork, clear coats, ensuring a gentle yet effective clean without the risk of damage.
- . Reduces friction during the washing process, minimizing the potential for scratches and swirls.
- . Environmentally conscious choice that breaks down without harming waterways or ecosystems.

Direction of use:

1. Mix the Snow Foam concentrate with water at a ratio of 1:200 (50 ml of product per 10 liters of water).
For extra-thick foam, adjust the concentration slightly to 1:150 (67 ml of product per 10 liters of water).
2. Fill Reservoir: Pour the diluted solution into the pressurized foaming machine's reservoir.
3. Rinse: Pre-rinse the vehicle to remove loose dirt and debris.
4. Foam Application: Apply the Snow Foam evenly, starting from the bottom and working your way up.
Ensure complete coverage, paying attention to areas like wheels, grill, and trim.
5. Dwell Time: Allow the foam to dwell for 2-3 minutes to loosen dirt and grime.
Do not let it dry completely on the surface.
6. Rinse thoroughly the vehicle with clean water, ensuring all foam and loosened dirt are removed.
7. Dry the vehicle thoroughly with a clean, soft microfiber drying towel to prevent water spots.

Technical data:

Color / appearance	Deep red
Odor	Watermelon.
Base	Color, Cationic surfactants 5%-10%, anionic surfactants 5% -15%, non-ionic surfactants <5%, fragrance and preservatives
pH range	Neutral
Shelf life	36 months - Unopened.

Available pack sizes:

Plastic packs	250ml - 500ml - 950ml - 5L - 20L
Retail boxes	24 x 250ml / 12 x 500ml - 950ml
